The Meaning of Numerology

Our names are much more than just a means of identification or a family relationship. Our destiny and experiences are written in our names given to us at birth. Numerology is here to protect, guide and reward those who have the foresight and wisdom to observe and understand the influences, insight and experiences written in our names.

It has been acknowledged throughout the ages, that names play an essential part in influencing and directing the destinies of mankind and that they represent experience, human nature character and divine sanction. The importance of names is frequently brought out in the Bible. On several occasions the Lord changed the names of his chosen ones, to represent the duties and services to be carried out. There were times when a name was chosen even before birth, as in the prophecy of Jesus Christ.

Numerology shows our inherent capabilities and the spiritual commands hidden in our names and the number comprising them. It is often called the blueprint of the soul. Pythagoras gave life to Numerology by applying mathematical formulas to the name, which reveals the ultimate life goal of the person bearing the name.

Deep in the heart of everyone lies the dreams of riches, self-actualization and spiritual evolvment. The way is there and hidden in each person's name. Numerology will help you discover it.

The Meaning of Birth Force

Everybody wants to know the secret of how to be successful. To be assured of one's future, right from the start in the business world, is a dream almost too good to be true. This can happen for you, right now if you understand. On the day you were born, a record of what you are like, what you have to offer the world, your talents and abilities were outlined. The Birth Force is what you came here to experience.

If your parents had read this valuable record, much anxiety and uncertainty could have been spared. They would have had the understanding required to direct and guide you, to help you achieve your inherent goals. The Birth Force is a great tool to use when choosing a career. It tells you what you are fitted to do. It's your innate resource of talents and abilities that you can draw upon as you go forth to meet the responsibility of your Destiny, as shown by your name at birth. Even though the Birth Force and Destiny numbers are different in purpose and meaning, they work together. If you have confidence in yourself and your natural abilities that come from your Birth Force, and work toward the goals of your Destiny influence, you will surely achieve success. By knowing yourself you will avoid feelings of insecurity. The rule for figuring the Birth Force is to add up the numbers of the month, day, and the year you were born and reduce them to a single digit.

Your Number 5 Birth Force

Bernie, your birth date 09/08/1941, makes you among the true communicators and mixers

of the world, and possess a unique ability to bind people together. You are versatile, progressive, adventurous, happy, and you like your freedom. You are independent and require frequent change, travel, variety and the unexpected. You are active and at your best when you have more than one thing going on at once. However you can become impatient and restless if things move along too slowly. You hate routine and require change and versatility in your life if you are to be truly happy.

Wherever you are, things will not remain the same for long, because you have a natural resourcefulness and a great deal of enthusiasm. You keep things moving, as you are clever, versatile, and a quick thinker with a good imagination and a gift for words. At times, however, an inner restlessness can cause you to act too quickly and burn your bridges behind you. Bernie, you can sometimes be totally unaware of the feelings of others around you, and must guard against being too aggressive, self-indulgent, and irresponsible. You must also guard against allowing the love of freedom and change to become too strong, thus scattering your energies and being the "rolling stone that gathers no moss."

Your quick thinking and versatility give you authority and power in all lines of business and progressive activities. When aroused to action, you can be very bold and invincible, and will challenge any obstacles in your way.

The number Five Birth Force is magnetic, outgoing and usually well liked in an instant by others. They will do more, see more, and be exposed too more than any of the other Birth Force number.

There is opportunity for the number Five through direct communication with the public, and through business that caters to the public's desire for life, travel and excitement. Bernie, you will do well in a career that calls for energizing power, rather than routine. Opportunity also exists through scientific analysis and the unusual.

The number Five's occupation should be chosen carefully. It should allow them freedom of expression and individuality. If these character traits are suppressed, then their natural talents as motivator's and communicators are wasted.

The Meaning of the Hearts Desire

Has anyone ever said to you, "Why don't you think like I do?" This remark, instead of influencing you, may have annoyed you to the point of wanting to do something completely different.

If everyone acted and thought alike, there would be no incentive to grow and develop, create or carry on. Instead, there would be no progress and no fun in living; complete boredom. Man's link in the chain of divine activity and divine principle is the right to constructive self-expression. We are born free souls and must grow and live in ever increasing attunement and beauty from within. Only then can we be true to our divine privileges, and our fellow man.

The Heart's Desire is one of the most important numbers in Numerology. It is found from the letters a-e-i-o-u in the name at birth. The Heart's Desire number will help you discover what it is you desire to be, or do.

The urge of the Heart's Desire is so strong, that at times it overrules all other traits of character; even those of the Birth Force and Destiny. At other times it may lie dormant and be repressed by circumstances until suddenly awakened, it becomes active with a surprising force, changing all well-organized plans for work and success. This inner seed of self-expression is within every person. However, not all people hear or stop to listen to the call of the soul's command and fail to gain from its life-giving energies.

If you are thinking about joining another in a domestic relationship or business affair, it is wise to know the inner nature of your loved one or associate. Even though you may have a lot in common, there will probably come a time when the inner nature of the other person (or your own) comes to the surface. This may come as a surprise, if you are not prepared, and may cause problems. However, if you are prepared, it could bring a deeper understanding and greater happiness.

The nature of the Heart's Desire never changes. In the background, the urge of man's soul is quietly taking part in his desires, interests and affairs. To summarize, the Heart's Desire is: What the individual values most, personal likes and dislikes, methods and ways of looking at things, the way the true character will be expressed, the ambition and incentive, the soul's longing, the individuality and the inner urge.

Your Number 3 Hearts Desire

Bernie, your finest characteristics are imagination and inspiration, and when you learn how to use them intelligently, they can be the means of your attaining the best that life has to offer. You are something of a dreamer by nature, and have a strong desire to find the joy and romance in life. You would rather be happy than practical, and enjoy making a game out of life. You like to do things on a large scale, and enjoy a nice environment and the comforts and luxuries of life. You want beauty in all of your surroundings, and are artistic and creative.

However, should your desire for self-expression be hindered in any way, you could become very unhappy, repressed, or even ill. You will generally find yourself at the center of activities, because of your ability to liven things up with your friendly and pleasant manner. You enjoy expressing your ideas and opinions; however, there is a reserved side to your character also, and you can escape the limelight and live in a world of emotion and feeling. This emotion should be expressed in a constructive and positive manner.

At times you can be too exacting if things do not come up to the standards of loveliness and perfection you desire, and you may be too concerned about small things. It would be better for you if you followed your desire to do things on a large scale and not to allow

yourself to be held down by limitations. Achieve your plans and goals, and stick to your dreams and inspirations. However, use these dreams to attain your goals.

Bernie, you have a natural urge to help those who are in trouble, as you are very kind and obliging. You enjoy popularity and friends mean a great deal to you. You feel love very deeply, and are capable of sacrificing yourself for the ones you love, for as well as being inspirational and artistic, you are also romantic at heart.

At times, you like to show off, and can become unconsciously self-centered and too interested in your own activities and affairs, thus forgetting about others. Guard against this, as you could hurt the ones who love you and are trying to help you. Instead, be of good cheer, and keep beauty and goodwill in your heart. In this way, you will have no difficulty in working out your problems.

Current Name Number 8 Hearts Desire

Bernie, you have a great deal of ambition and want to achieve results by doing things in a big way. This urge to do things on a large scale brings you into contact with larger groups and organizations, rather than through small enterprises and activities.

You have a splendid ability to surmount obstacles, and an inner force and stamina to overcome great difficulties. Life can be hard at times, however, as you sometimes over-estimate your abilities, or aim too high, which can cause disappointments.

Your courage and energy can take you to the top if you learn to work for worthwhile purposes, and not for personal power alone. You love to manage and direct, and you have the ability for great achievement and accumulation. You also have the right to money and success. However, if you should make money your only goal, you are likely to meet with disappointments. You like to supervise and direct undertakings, and are somewhat of an organizer, and are not happy in a subordinate position.

Deep within your heart, there is a philosophical trend of thought and feeling, and you will strive for mastery on all planes when you follow your true soul urge. You have the power to analyze and should study psychology, or do research work in the field of human expression. This could help you overcome prejudices that could stand in the way of your success. Self-control should be used to help you win and to give you the right to supervise and command others.

Do not expect too much appreciation from others, as they may not maintain the same powers of self-mastery as you do. Your ability to cooperate with others and to master your moods, and your understanding of the laws of life will be the secrets of your success in the world of business. Bernie, you will need to search your soul for the standards that you can live up to, as life will expect more from you than the average individual.

Guard against being too forceful, dominant, or exacting in your ways, and learn to cultivate justice and tolerance for the weaker and less efficient. You are strong, courageous, enthusiastic, and determined, and you do not mind struggling against opposition, as you are confident of your victory. You are efficient and have a good imagination and vision for making your efforts payoff.

The Meaning of the Personality

The personality will open many doors of opportunity when it's understood and made part of the character. It should be the channel through which the true character is expressed. An individual's personality does not represent the inner nature, nor is it the true self. Instead, it's the outer self; what you present when meeting others in business or social situations. There is a strong tendency to judge people by their personality. This can lead to many misunderstandings. A pleasing personality may cover up talent, weaknesses; even sincerity and honesty. On the other hand, a person with good abilities and character may be overlooked because of a dull or unattractive personality. The individual is quite often unaware of these mannerisms. As the person gets older, these traits become habits and may be very difficult to change. When attempting to get ahead in the

world, it's important to combine the meaning of the personality number, to the talents of the birth force, and the more powerful urge of the heart's desire. This will allow for true character building. Since the personality is the way we express ourselves, it's important to be in harmony with this number when expressing ourselves. The personality number is found by adding all the consonants in the name given at birth, and reducing them to a single digit.

Your Number 4 Personality

You see yourself working tirelessly for the rewards of love, appreciation, accomplishment and duty, and you are the pillar of society upon whom all can depend.

The number four personality looks well in tailor made styles, combining the neatness of the number two with the straight lines of the number one.

The number four should never be overdressed and should choose good material of durable wearing qualities.

Your Personality Testing Number 13

The 13/4 Testing Number or Karmic Debt as it's often called, was developed by avoiding work in a previous life, probably by passing it off on others. You must strive to understand this burden and make the effort to move on to a more positive use of its energy. The key to overcoming Karmic Debt is awareness.

The 13/4 may well exhibit traits of the negative 4. He may be stubborn and obstinate and feel confined and limited, although he's convinced it's not his fault. It may be difficult for this individual to change his course of action in a more productive direction.

In this life, the individual will be forced to work very hard, harder than he feels is fair. If this work is avoided however, the situation will only worsen. This person must avoid looking for an easier way, and accept the work at hand. By doing this the Karmic Debt will be erased.

Current Name Number 9 Personality

The number nine can benefit through the use of color as an expression of the personality. The number nine should avoid the color black, although it is often worn as a way to keep in fashion, and to feel well dressed.

If you pay attention to your posture and take care of your skin, you can keep a youthful appearance for quite some time.

You like to be comfortable, and may have a tendency to become careless in your dress.

Many friends are gained through your generous and warm manner, and you will have the ability to influence others with your magnetic personality.

Bernie, you can be highly emotional, and have an understanding of the sufferings of others, with a genuine love for humanity, and an eagerness to be of service to mankind.

The Meaning of the Reality

We all hope for security in the final stage of life. Some people prepare and plan for this period, while others avoid even thinking about it. The Reality number should be kept in mind your entire life. It explains the influences that will affect you during the final stage of life.

Your life was outlined the day you were born. If the Reality number is taken into consideration early in life, the latter days can be as successful, enjoyable, interesting and secure as any other time in life. This is one more thing to take into consideration to help guide you. It is found by adding your Destiny number to your Birth Force.

The Reality number's influence is very subtle. Many people are unaware of its persuasive presence. In young children, it is very noticeable in their personal interests and by the way they act. However, the demands of the Destiny number, personal ambitions and the need to earn a living take over and the Reality number is forced into the background. But it is always there and comes to the surface as the years pass by. The Reality number gives a new perspective to old age. It is no longer something to be feared.

Your Number 3 Reality

The privilege for true self-expression and an opportunity for a fuller, richer life is now present, and is perhaps greater than at any other time during the life.

Even if you have been unable to express yourself in a creative manner in the past, you may be surprised at the development and growth, which comes at this time.

You should utilize this opportunity, and use your power of imagination in a constructive way, instead of scattering your talents and forces in self-indulgence.

Current Name Number 3 Reality

The Meaning of the Karmic Lessons

The numbers missing in the name at birth, indicate experiences avoided, or handled negatively in the past. The ultimate goal is to include all of the vibrations in a balanced quantity. When this is accomplished, the obligation for reincarnation no longer exists, and we will move on to the next stage of evolution. Those who have many numbers missing have many karmic lessons to learn. Don't fear these; it is what you came here to work on. By accepting and realizing the necessity of our lessons, we will have an easier time learning them. If we fear it, it's only because we are ignorant of the advantages it can bring us. Don't wait for life to teach you about it or you we may first experience its more difficult side. Accept it consciously and willingly and you may benefit from and even enjoy the experiences it brings about. If you find that the characteristics of your Karmic lessons don't seem to fit, it's possible you have already made up your Karma.

The missing number or numbers may appear elsewhere in the chart as in the Destiny, Heart's Desire or the Birth Force. This may cushion the Law of Karma, but you still need to experience the vibrations of these numbers until compensation is made and the karma is erased.

Many Ones Lesson

Many ones in the name shows strong opinions, and the ability to influence others. However, you could become fixed in your ideas. Individuals with many ones will probably possess leadership qualities and a strong sense of determination. You may be aggressive and have a large supply of vital energy.

Average Twos Lesson

It is a natural desire for the average person to associate with others, however, cooperation, tact and diplomacy are not always in the make up of human nature. The general helpfulness of the two, and courtesy of good manners is necessary for all and is generally found in a name of average length.

None/Few Threes Lesson

No threes may show an avoidance of self-expression. You may lack the desire to promote the personality and there may be a lack of self-esteem and self-confidence. Individuals with no threes in their name will often be round-shouldered, due to a desire to enclose them selves and seek protection from the world. They may lack the ability to sell and advertise, but life may force them to do both. They will also be forced into situations where they will need expressive and dramatic qualities. They must be careful not to be constantly apologetic or under-sell themselves, which can only defeat them. If they

realize these weaknesses early in life, and dedicate themselves toward dramatic self-expression, then the negative aspects of this missing number can generally be overcome.

Many Fours Lesson

Two or more four's in the name adds the aptitude to know the value of concrete plans. The practical tendencies are intensified and concentration is very good, with the ability to build and put ideas into form and to understand details.

Individuals with many four's in their name generally have a strong sense of values, a willingness to work, and a love of form. However, they can also show stubbornness and narrow-mindedness. The ability to establish practices of a lasting nature is present, as with all four's.

Many Fives Lesson

Many fives in the name give way to a restless nature, an interest in too many things and a lack of application. The tendency is also to move suddenly from one interest or line of work to another, without completing either the work or the task at hand. Individuals with many fives in their name would do well in a line of business that would bring them into contact with the public and people in general. There is opportunity through all types of salesmanship and through civil and legal activities. Unless their home life is filled with a great deal of variety and interesting people, they are not generally domestically inclined. They must guard against being critical of others.

None/Few Sixes Lesson

The individual with no sixes in the name may neglect duties and dislike responsibility. The number six is often missing in a person's name, and in the majority of people, a true sense of duty is not strongly felt. Others may help and take care of things that are left undone, and often many interesting situations will present themselves.

Domestic problems are apt to be taken lightly in the home and marriage. There may be a fear of taking on obligations, or an aversion to being tied down. Life will force the individual with no sixes to take on substantial responsibilities.

None/Few Sevens Lesson

The individual with no sevens in the name may show a lack of spiritual awareness. They are more open-minded and show an acceptance of surface appearances, rather than looking under the surface for reasons and motives for the things that happen. In life, the opportunity for faith will continuously be given to the individual whose name is absent of seven. He will have to rely on his own resources and will be forced to look within himself to distinguish between the material and the spiritual, the transitory and the permanent.

None/Few Eights Lesson

No eights in a person's name may show that physical and material things have been avoided, and a lack of self-control is present. It may also show a lack of financial and business efficiency. These individuals need constant motivation, as they lack self-confidence and are afraid to work independently. They quite often rely on others; however, in order to learn, life will insist upon them handling their own affairs. They may acquire money suddenly, spend it carelessly, and then be made to keenly feel its lack. They will need to learn how to control their funds wisely and constructively.

Many Nines Lesson

The individual with many nines in their name will show humanitarianism, impressionability, emotionalism, generosity and artistic ability. They can sometimes lack emotional balance or practical direction, and can be difficult to reason with. They are usually forgiven because of the generosity that is in their nature. When the Pinnacles are realized and understood, they can be prepared for ahead of time, and the heights of attainment indicated by each Pinnacles number can be fully reached and utilized. It is sometimes hard to account for the sudden changes or unexpected conditions that take place in our lives. We may suddenly change our associations, line of work, or complete lifestyle. When we realize, however, that change means progress, we then have a chance to succeed. These changes are revealed to us by the Pinnacles and will operate regardless of any other numbers on our birth chart.

No one can escape the Pinnacles or the valuable experience gained by them. The signposts hold true for the aware, as well as the common individual. The aware, however, welcome these experiences and realize that through change there is growth, while the ordinary man calls them fate and may not see the true purpose behind the experiences.

The fourth Pinnacle represents the winter of life, and will continue until the end of our earthly existence. It is during this time that we can cultivate the experiences of the past for opportunity and success and should work for the human and spiritual welfare of mankind.

Each characteristic of the Pinnacle should be utilized to its fullest and be recognized as a period of development, progress, and growth. The rule for figuring the Pinnacles is as follows:

First Pinnacle - The sum of the digits of the month and the digits of the day of birth.

Second Pinnacle - The sum of the digits of the day and the digits of the year of birth.

Third Pinnacle - The addition of these two numbers. (First and Second Pinnacles)

Fourth Pinnacle - The sum of the digits of the month and the digits of the year of birth.

The rule for timing the Pinnacles is as follows:

Start with the number 36. From the number 36, subtract the number of the Birth Force. This will give you the period of time the first Pinnacle is active, and tells at what age it's influence will end.

Next, add nine years to the age the first Pinnacle ended. This is the period of time the second Pinnacle is influential.

Add nine years again to the age the second Pinnacle ended. This will be the period of time the third Pinnacle is in effect.

The fourth Pinnacle will be in affect from the end of the third Pinnacle until death.

First Pinnacle 8 Birth to 31

The number eight as a first pinnacle indicates an early career in the business or professional world and a fine start in life. However, the individual may be forced to be the means of support for the relatives or family.

The number eight means authority, strength, courage, and ambition, and on any pinnacle can be a time of successful financial and material gain.

The individual on any eight pinnacle may find themselves in charge of property, business, or professional undertakings which depend on repeated effort for success. An eight pinnacle can be difficult at times, as it will demand full use of application and intelligence, and will not tolerate weakness or any efforts to avoid facing the issue. It is not a time to trust to luck, but requires intelligence, efficiency and good management.

Good understanding and judgment of people is necessary, as many disappointments and problems may be encountered through a misplaced trust in others.

Authority and recognition is promised during any eight pinnacle. However, expenses may be high, so careful management and budgeting of the affairs is necessary. Friendship and support comes through an interest in organizations and societies.

During any eight pinnacle, the individual should work intelligently, rather than emotionally, and should cultivate balance and judgment.

Second Pinnacle 5 From 31 to 40

The number five stands for change, variety, the unexpected, and is never a settled condition on any Pinnacle. It represents an eventful time of life filled with activity, and the freedom to make changes and participate in what is going on in the world.

The number five in a first Pinnacle can make the younger person restless, lacking in application, or changing suddenly, before success is attained. However, valuable experience is gained and could be an asset later in life, as the number five first Pinnacle gives opportunity to work with the public and to meet the progressive and changing interests of mankind. Financial matters are somewhat uncertain during any five Pinnacle.

The number five on a second or third Pinnacle can be a period of great freedom, and is generally a happy and interesting time of life. Many contacts, friends, and interesting work should be incorporated at this time.

During a final Pinnacle, the number five again represents activity and freedom in the latter days. It does not promise retirement, however, but calls for an effort to help others understand their experiences and to take part in progressive undertakings.

On any five Pinnacle, there is frequent change, travel, and personal freedom, with a variety of experiences and unexpected situations. Any individual in a five Pinnacle should avoid being too restless, hasty, or impulsive, and should try to maintain a few roots, even though living an active life.

Third Pinnacle 4 From 40 to 49

The number four as a first pinnacle often finds the younger person responding to

practical and serious ideas, and often the individual will find work early in life.

The number four is the number of order, system, and application. It is the builder, seeking results of a concrete nature. By placing facts and ideas in their proper order, the number four has the ability to manage and direct.

The work of the four pinnacle generally lays a good solid foundation for the future; however, there is usually much hard work and may be economic problems. On any four pinnacle, the individual must work for system, management, and organization, to get the desired results. However, this could very well be the perfect opportunity to put the plans and ideas only dreamed of in the past into concrete form during this four pinnacle.

This is not a leisure time, however, and any character not willing to face the practical aspects of life may find that economical management and endeavor cannot be avoided.

During a four pinnacle, it may be the first time to experience the opportunity to work, build, and get results in a serious and worthwhile manner.

This is a period of intense work, but it is also a very good time to build solid foundations, and the desires and results will come through continued effort and application.

Fourth Pinnacle 6 From 58 to Death

Duty and responsibility are characteristic on any six Pinnacle. There is an opportunity to help and comfort those in need and do useful, humanitarian work for the young and old. It is not a time for personal satisfaction alone, but rather a time to do useful work for the good of humanity. The opportunity for financial success is also present.

The responsibilities of home, family, friends, and loved ones are strongly felt on any six Pinnacle.

The number six as a first Pinnacle may indicate an early marriage, or duty and responsibility at a young age. A secure and happy home life, along with financial success can be the rewards, if the duty and responsibility is accepted.

The opportunity for love and marriage is possible under the final six Pinnacle; it does not indicate useless or lonely latter days.

During any six Pinnacle, the problems of marriage, money, children, family, friends, and home life may present themselves, and should be handled with love and loyalty, in a humanitarian way.
