## The Meaning of Numerology

Our names are much more than just a means of identification or a family relationship. Our destiny and experiences are written in our names given to us at birth. Numerology is here to protect, guide and reward those who have the foresight and wisdom to observe and understand the influences, insight and experiences written in our names.

It has been acknowledged throughout the ages, that names play an essential part in influencing and directing the destinies of mankind and that they represent experience, human nature character and divine sanction. The importance of names is frequently brought out in the Bible. On several occasions the Lord changed the names of his chosen ones, to represent the duties and services to be carried out. There were times when a name was chosen even before birth, as in the prophecy of Jesus Christ.

Numerology shows our inherent capabilities and the spiritual commands hidden in our names and the number comprising them. It is often called the blueprint of the soul. Pythagoras gave life to Numerology by applying mathematical formulas to the name, which reveals the ultimate life goal of the person bearing the name.

Deep in the heart of everyone lies the dreams of riches, self-actualization and spiritual evolvment. The way is there and hidden in each person's name. Numerology will help you discover it.

## The Meaning of Birth Force

Everybody wants to know the secret of how to be successful. To be assured of one's future, right from the start in the business world, is a dream almost too good to be true. This can happen for you, right now if you understand. On the day you were born, a record of what you are like, what you have to offer the world, your talents and abilities were outlined. The Birth Force is what you came here to experience.

If your parents had read this valuable record, much anxiety and uncertainty could have been spared. They would have had the understanding required to direct and guide you, to help you achieve your inherent goals. The Birth Force is a great tool to use when choosing a career. It tells you what you are fitted to do. It's your innate resource of talents and abilities that you can draw upon as you go forth to meet the responsibility of your Destiny, as shown by your name at birth. Even though the Birth Force and Destiny numbers are different in purpose and meaning, they work together. If you have confidence in yourself and your natural abilities that come from your Birth Force, and work toward the goals of your Destiny influence, you will surely achieve success. ## **William's 4 and Anjelina's 5 Birth Force Compatibility**

These two are total opposites: The four is a list person and will finish everything in the A, B and C categories just as they planned. They have an appointment calendar and stick to it, arriving right on time for every appointment. The five, on the other hand, made a list once but lost it, and finds keeping an appointment calendar to rigid; and something always come up that makes them consistently late for appointments.

They can balance each other well. The four providing the stability the number five lacks and the five provoking the four to be more spontaneous and less practical. However, turbulence may arise from the five's irresponsibility and frivolous expenditures which are sure to disrupt the four's carefully laid out budget. The five on the other hand, may find the four dull and rigid and can become infuriated with the four's stubborn nature and refusal to give in to the five's spontaneous whims. Only with compromise will this couple live in harmony; the four needs to lighten up on their guidelines and set aside some time for the five's spontaneous adventures and the five needs to make lists and stick to them

to become better organized.

In bed the five's sexual adventures will surely bring the four out of their rut and will undoubtedly test the four's endurance.

## **The Meaning of the Heart's Desire**

Has anyone ever said to you, "Why don't you think like I do?" This remark, instead of influencing you, may have annoyed you to the point of wanting to do something completely different.

If everyone acted and thought alike, there would be no incentive to grow and develop, create or carry on. Instead, there would be no progress and no fun in living; complete boredom. Man's link in the chain of divine activity and divine principle is the right to constructive self-expression. We are born free souls and must grow and live in ever increasing attunement and beauty from within. Only then can we be true to our divine privileges, and our fellow man.

The Heart's Desire is one of the most important numbers in Numerology. It is found from the letters a-e-i-o-u in the name at birth. The Heart's Desire number will help you discover what it is you desire to be, or do.

The urge of the Heart's Desire is so strong, that at times it overrules all other traits of character; even those of the Birth Force and Destiny. At other times it may lie dormant and be repressed by circumstances until suddenly awakened, it becomes active with a surprising force, changing all well-organized plans for work and success. This inner seed of self-expression is within every person. However, not all people hear or stop to listen to the call of the soul's command and fail to gain from its life-giving energies.

If you are thinking about joining another in a domestic relationship or business affair, it is wise to know the inner nature of your loved one or associate. Even though you may have a lot in common, there will probably come a time when the inner nature of the other person (or your own) comes to the surface. This may come as a surprise, if you are not prepared, and may cause problems. However, if you are prepared, it could bring a deeper understanding and greater happiness.

The nature of the Heart's Desire never changes. In the background, the urge of man's soul is quietly taking part in his desires, interests and affairs. To summarize, the Heart's Desire is: What the individual values most, personal likes and dislikes, methods and ways of looking at things, the way the true character will be expressed, the ambition and incentive, the soul's longing, the individuality and the inner urge.

## **William's Number 1 Heart's Desire**

William, you are strongly individualized, independent, ambitious and capable of great

accomplishments. You like to feel independent and do things in your own way and are not one to shirk responsibility. You probably have a lot of determination and inner strength. You want to get ahead in the world, but by your own intelligence and effort, and may not be truly happy in a subordinate position. If you find yourself in such a position for any length of time, it may mean you are not delving deep enough into your heart for the strength of character that is there. You have too much executive ability, determination, creative force and inner power to allow you to stay at the foot of the ladder of life.

You will make your way in the world with satisfaction and ease if you make use of your latent powers of original and interesting ideas and executive ability, and apply them in a constructive manner. William, you don't mind working alone; however, you want to handle only the main issues, leaving the details to others. This might make you appear egotistical, bossy, dominating, or contrary, and could lead to misunderstandings or unhappiness at certain times in your life. All Ones need to cultivate friendliness and human interest.

Keep your self-confidence strong and stand up for your rights. Maintain pride in yourself and your accomplishments, but at the same time, always express your plans and ideas with sincerity, courtesy, and graciousness. This will build character and make you a fine leader, admired by others.

You also feel the need to be recognized and at the head of things in your home life and business. As long as your nature is generous and kind, you always will be. You are loyal in friendships, and fair in business. You want to succeed and are usually capable of doing great things in life.

Anjelina, you should never be afraid to stand up for your ideals, for you could become very unhappy if you lose faith in yourself or life.

Through your natural generosity and your desire to do good in the world, you may at times find yourself being imposed upon or drawn into situations that you do not fully understand. Be careful of this, and try to temper your love for service with reason and caution. At times you will be torn between your feelings and the struggle between your personal ambitions and desires, and your higher self. You sincerely seek to attain true perfection, as you are so keenly aware of the glory of love and service. However, the desire for human love, admiration and sympathy can fill your mind and pull you away from your path of tolerance and generosity, thus causing an unrest within your soul and a confusion in the lives of those who love you.

You have a great gift for inspiring and lifting others to great heights of perfection, but you need to control your emotions, as they can lead to your downfall and make you too sensitive for your own good. Instead, try to utilize your emotions in a positive and constructive manner by turning them to a creative endeavor of a universal nature.

You abhor the inharmonious and unattractive, and require a mate who is of the same aesthetic nature as yourself. You are capable of great intensity in love, as you are a romantic at heart, and are attractive and loved by all. You will need to cultivate balance, definiteness, and emotional control.

## **William's 1 and Anjelina's 9 Hearts Desire Compatibility**

**William, your own success will depend upon your ability to establish order and system in all of your undertakings. Associate with people who are doing worthwhile and practical things. energy. The key to overcoming Karmic Debt is awareness.

The 13/4 may well exhibit traits of the negative 4. He may be stubborn and obstinate and feel confined and limited, although he's convinced it's not his fault. It may be difficult for this individual to change his course of action in a more productive direction.

In this life, the individual will be forced to work very hard, harder than he feels is fair. If this work is avoided however, the situation will only worsen. This person must avoid looking for an easier way, and accept the work at hand. By doing this the Karmic Debt will be erased.

## **Anjelina's Number 9 Destiny**

Anjelina, you have come into this world to stand for all that is fine, beautiful and charitable. You will have many opportunities in life and life will give you many gifts, but in order to keep them for yourself, you must be a representative for all that is fine, generous and true to the world.

The most ordinary undertakings must be changed from the common to the lovely by your thought, presence and ways of doing things. The standards of your life should be drama, art, music, romance, color, ideality and perfection.

Anjelina, you may have many tests and experiences and may even seem to fail until you learn to express forgiveness for one and all. When you learn that true love is service to many, rather than to one, then all that you desire in companionship and love will come to you. By clinging to personal possessions, love and power too tightly, might mean to lose all. However, when you express love as a divine law, you will receive a much greater love than you have ever dreamed of.

Always be impersonal and do not allow popularity to go to your head at any time, for a too worldly life, weakness of purpose or habit, could cause you to miss out on the thrill of taking a hand in the molding of minds and hearts of humanity.

At times, the nine may feel that the four is being rigid and restricting and feel their intentions are misunderstood. The four, in turn, feels the nine is emotional and extravagant and may become jealous of all the nine's outside interests; sometimes feeling neglected.**

**If arguments develop, the stubborn number four is not likely to give in easily. Fortunately, however, the number nine forgives and forgets gracefully and will be the peacemaker in the relationship. The nine is very generous and sincere in their love and the four loves to be of service to their romantic number nine . . . especially in bed.**

**If the number nine can accept that charity begins at home, and the frugal number four can donate a portion of their hard earned money to the nine's favorite charity they can live harmoniously.**

## **The Meaning of the Personality**

**The personality will open many doors of opportunity when it's understood and made part of the character. It should be the channel through which the true character is expressed. An individual's personality does not represent the inner nature, nor is it the true self. Instead, it's the outer self; what you present when meeting others in business or social situations. There is a strong tendency to judge people by their personality. This can lead to many misunderstandings. A pleasing personality may cover up talent, weaknesses; even sincerity and honesty. On the other hand, a person with good abilities and character may be overlooked because of a dull or unattractive personality. The individual is quite often unaware of these mannerisms. As the person gets older, these traits become habits and may be very difficult to change. When attempting to get ahead in the world, it's important to combine the meaning of the personality number, to the talents of the birth force, and the more powerful urge of the heart's desire.
